Eagle Lakers,

Opening day was EPIC!!! We went 40 for 40 on limits of ducks. We also had two groups on combo hunts that limited on both ducks and geese. The deer crew went 5 for 5 on some beautiful mule deer bucks. Operation Clean Sweep was in full effect. A great local hatch with a sprinkling of northerns made for an awesome start this season!

28 Gauge Guns

The new Benelli guns and the Boss ammunition turned out to be a lethal combination for the mallards. Rave reviews from over 40 clients on their shooting experience. I was watching group after group stone the birds dead. I know it was only a day, but I was extremely happy with the performance.

Canada Hunting

The hunting in Grande Prairie, Alberta was phenomenal. We ran two groups a day for two weeks and averaged over 100 birds per day. Our duck hunts were pretty much a 50/50 split water vs. field. The mild weather pushed us to do more water hunting than normal. We found a couple new honey holes that carried us through. The honker hunting was exceptional!

Most of our **goes** were between 15-25 yards backwinging over the decoys. We harvested lots of specks and a handful of snows. Our guided hunt dates for the 2026 Canada season will be from September 10th – October 8th. Get ahold of Ryan (509-528-8754) to get your dates locked in. If you have never been on a Canada combo duck or goose hunt, you owe it to yourself to get up there! With the number of ducks and geese we saw, it should make for an unbelievable season at Eagle Lakes.

Goose Hunting

Our harvest numbers keep going up every season. We have leased some amazing new properties to go along with our existing fabulous farms. Watch for deals like kid's specials and lady's weekend. There are still a lot of good dates for duck, goose, and combo hunt opportunities.

Dove Hunting

Another banner year is in the books! The doves cooperated from day one (Sept. 1st) right through the first week in October. We only had a couple of slow hunts in the five weeks of shooting. My crew did an excellent job keeping our clients on birds from start to finish. We had two large corporate retreats that smashed the doves and slayed the bass and walleye!

New Blinds

Our efforts to make your hunting experience that much more enjoyable continues. We have 11 new blinds, including two more floating blinds, for your enjoyment. These blinds are not only roomy and comfortable, they disappear with the natural surroundings. I would appreciate it if you would give the guides and staff feedback on these improvements.

Deer Hunts

Opening day for giant mule deer is off and running!! The boys harvested 5 studs on Saturday. These wheat fed deer are so delicious, that there is hardly any gaminess to them at all. We ended the weekend with some extremely happy clients! We have a 99% harvest rate over 10 years running. You will have an opportunity to harvest a nice buck. We can still take 2 hunters for the late muzzleloader season. Call Ryan (509-528-8754) for any short notice openings.

Thank you for your continued support!

Happy hunting,

Mike B
